

CALIFORNIA ART CLUB

Dear Mentor Program Applicant,

Included with this letter is an application for the California Art Club (CAC)'s Mentor Program. If you are interested in applying, please complete the enclosed form and return it to the CAC. Please allow up to three months for a reply.

The Mentor Program is designed to benefit promising traditional artists who are under 30 years of age. Prior to becoming an Mentor Program member, the artist must already possess excellent drawing skills, an understanding of values, strength in composition and design, color harmonies, and an overall artistic (or poetic) sense of natural observation. As a member of the Mentor Program, artists will have occasional opportunities to work alongside California Art Club Signature and Artist Members, particularly in *plein air* painting situations, and to attend CAC Master Artist Workshops at no cost as an assistant to the instructor. In addition, Mentor Program members may participate in important CAC competitions and exhibitions.

The CAC offers traditional fine artists the opportunity to exhibit together through public venues, thus creating a wider exposure. The Club provides members with various social activities through monthly meetings, *plein air* painting events, art lectures, painting/sculpting demonstrations, and art tours. All CAC members also receive quarterly issues of the *California Art Club Newsletter*. For additional information on the California Art Club and its activities, please visit www.californiaartclub.org.

By becoming a member of the California Art Club, you are supporting a current national art movement and the new avant-garde in art -Traditionalism. We look forward to receiving your application.

Sincerely,
Daniel W. Pinkham
Chairman, Mentor Program
